Genesis 8:18–21

18 So Noah came out, together with his sons and his wife and his sons' wives. 20 Then Noah built an altar to the LORD and, taking some of all the clean animals and clean birds, he sacrificed burnt offerings on it. 21 The LORD smelled the pleasing aroma and said in his heart: "Never again will I curse the ground because of humans, even though every inclination of the human heart is evil from childhood. And never again will I destroy all living creatures, as I have done."

창세기(Genesis 8:18-21)

18 노아가 그 아들들과 그의 아내와 그 며느리들과 함께 나왔고 20 노아가 여호와께 제단을 쌓고 모든 정결한 짐승과 모든 정결한 새 중에서 제물을 취하여 번제로 제단에 드렸더니 21 여호와께서 그 향기를 받으시고 그 중심에 이르시되 내가 다시는 사람으로 말미암아 땅을 저주하지 아니하리니 이는 사람의 마음이 계획하는 바가 어려서부터 악함이라 내가 전에 행한 것 같이 모든 생물을 다시 멸하지 아니하리니

Ice Age

The World After the Flood

The world following the Flood was not as stable as before. For at least several hundred years, volcanic eruptions and earthquakes were common, and weather patterns were severe and erratic.

This worldwide instability resulted in the "Ice Age."

Causes of an "Ice Age"

Conditions needed for snow and ice to accumulate:

1. extensive evaporation from oceans;
2. extended snowfall;
3. reduced snow melt.

All of these would result from the Flood of Noah's day.

Causes of Ice Age

Colder Continents

Without the former "greenhouse" canopy, the barren lands in the northern latitudes became colder than before. The difference in temperature between ocean and continent would cause intense storm patterns to develop. The result—**more snowfall.**

Volcanism

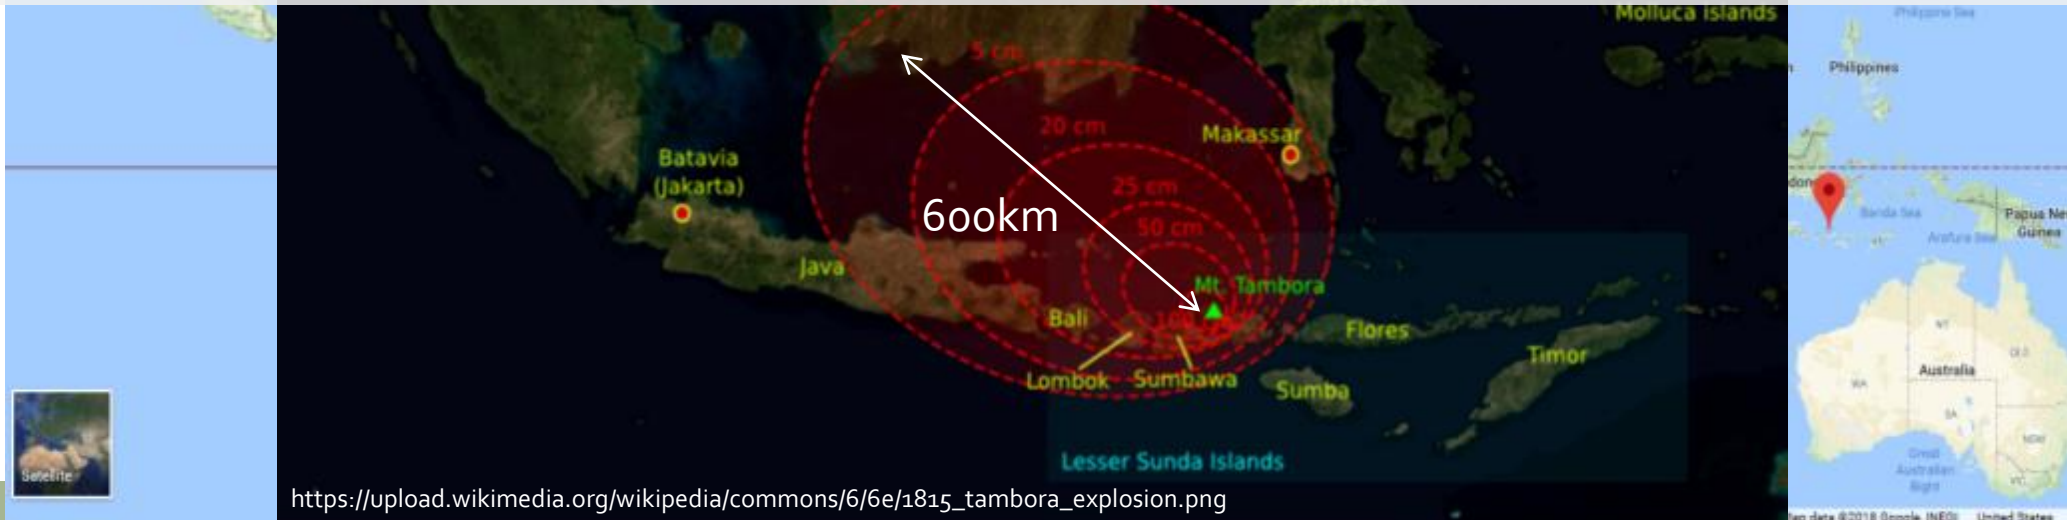

As the continents rose, many enormous volcanic episodes would result. Volcanic debris in the atmosphere would shield the earth from much of the sun's warming radiation. Thus much of the extensive snow would not melt in the summer.

The "Ice Age" would continue as long as these conditions prevailed, probably from 500 to 1000 years after the Flood.

The 1815 Eruption of Mt. Tambora: “One of the Most Powerful in History”

- 1816 is known as the Year Without a Summer -
- In Britain and Ireland, cool temperatures and heavy rains resulted in failed harvests..
- In Massachusetts: severe frosts occurred every month; June 7th and 8th snow fell,, even freezing the roots
- In China, the cold weather killed trees, rice crops, and even water buffalo, especially in the north.

Worldwide Migration

Worldwide Migration
The green area indicates exposed land resulting from a drop in sea level of several hundred feet due to the "Ice Age." This phenomenon helped to make it possible for man and beast to spread throughout the world as God had commanded.

Worldwide Migration

Conclusion

**Strong correlation between
Genesis Flood and migration of
Noah's descendants into
the American continent**
